RE: Request for extension to comply with order for Class C (Non-Emergency) Certificate

Docket # 2014-336-T

Dear Commissioners and Officers:

I am writing to request a 120 day extension to comply with order #2014-692, which has a current deadline to comply of November 28, 2014. I am requesting this extension because I remain in the process of obtaining my first van to begin operation of my business, and there are specific delays in the acquisition of this vehicle that I am encountering.

First, as I have ordered a customized 2015 Mercedes-Benz Sprinter van, the earliest anticipated delivery date to the dealer is December

2014, despite the fact that I placed this order in September 2014 through a contract with Ilderton Conversion Company and Mercedes-Benz of South Charlotte.

Secondly, after the Sprinter van arrives and is inspected by the dealer in December 2014, it will be directly shipped to Ilderton Conversion Company in High Point, NC for the placement of the lift and required modifications for operation as wheelchair and stretcher van. All of the parts have been ordered and are ready for assembly; however, I am told by Ilderton that it may still require 4-6 weeks to complete the van conversion to specification.

I am hopeful that I will be granted an extension to comply with this order. As soon as I received my order in late August 2014, I immediately began the process of obtaining this vehicle, and I have made arrangements with all necessary parties to secure this van as soon as possible.

I am very excited about serving the needs of my community and the state of South Carolina through this transportation service, and I appreciate your consideration of my request at this time. Please reference the enclosed Exhibits A and B that relate to transactions associated with this matter. I remain,

Most respectfully yours,

A handwritten signature in black ink, appearing to read "John H. Cook", written in a cursive style.
